August 09, 2020

To Whom It May Concern:

I would like to take this opportunity to invite you to review the possibility of sponsoring our organization for our 2019/2020 season. Our season runs from August 1st to July 31st each year, with our finals held September 17-20th 2020

Barrel racing is a speed horse event in which a horse and rider attempt to complete a clover-leaf pattern around preset barrels in the fastest time. Though both boys and girls compete at the youth level and men compete in some amateur venues, in collegiate and professional ranks, it is primarily an event for women. It combines the horse's athletic ability and the horsemanship skills of a rider in order to safely and successfully maneuver a horse through a clover leaf pattern around three barrels (typically three fifty-five gallon metal or plastic drums) placed in a triangle in the center of an arena.

In timed rodeo events, the purpose is to make a run as fast as possible, while the time is being clocked either by an electronic eye, (a device using a laser system to record times), or by an arena attendant or judge who manually takes the time using a keen eye and a flag to let a clocker know when to hit the timer stop; though this last method is more commonly seen in local and non-professional events.

The timer begins when horse and rider cross the start line, and ends when the barrel pattern has been successfully executed and horse and rider cross the finish line. The rider's time depends on several factors, most commonly the horse's physical and mental condition, the rider's horsemanship abilities, and the type of ground or footing (the quality, depth, content, etc. of the sand or dirt in the arena). Our organization sanctions races across British Columbia, Washington and Oregon States, as well as across Alberta. Our Finals are held in the Fall at Kamloops Race Central in Kamloops, BC Sept 17 – 20th, and we expect to see over 750 runs, which will draw competitors from across Western Canada and North Western USA. As this is a multi-day event, the competitors and their families will be spending several days in the community and will have ample opportunity to visit the shops in the area.

We have hosted several successful events of this size over the past 20 years and expect over 750 entries over the 3 days of each event. Weekend awards will be given to competitors who have consistent times over the event. At our finals, we will be handing out our year end awards for competitors who have accumulated the most points over the season.
